## CLIENT REVIEWS

*Lindsay has been a life saver! Her attention to detail and organizational skills can't be matched! Not only is she the nicest person I have ever met, her professionalism and personality make for such an awesome working relationship. She truly was amazing at organizing and cleaning while I moved, and continues to impress with our continued services.*

## OUR MISSION

I am creating a cleaning company that provides personalized cleaning experience. I want to get to know the needs of each person and family I interact with. I also want to provide natural cleaning products that are truly clean, so that you and your family feel safe with what is being used where you live. This is why I choose to provide Better Life natural cleaning products for the people and families I service. I have been working with families for the past 7 years, so I am aware that every family has specific and a variety of needs that I will be able to cater to.

## LINDSAY DEW, OWNER

Hello, my name is Lindsay Dew, Owner of Wholehearted Cleaning Services. I am a wife and cat mom to 3 fur babies. I enjoy doing yoga and have a love for photography. I have been working with children since 2012 and went to Beattie Tech for Early Childhood Education. For the past 6 years working as a nanny and in childcare centers with children has been my passion, I love the connection I have been able to grow with the families I have worked with and all the children whom have grown to love. Over the past 4 years I have also cleaned and organized the houses of the families I have worked for, and have discovered a newfound passion for helping mothers and fathers who feel overwhelmed with the job of cleaning their house along with their day job, and being a parent.

Now through my past experiences I have decided to branch out and create my own company to service those outside of just the families that I work for. I am looking forward to growing connections with many more families and helping them with any service they may need. If you have any questions please refer to the "contact me" tab and email me. Thank you for considering my services, I hope to hear from you soon!
